

Case Study - NELFT – Agile Working, The Acorn Centre, Havering

Talis Projects were delighted to work with NELFT on their agile working environment, at their new state of the art children's centre.

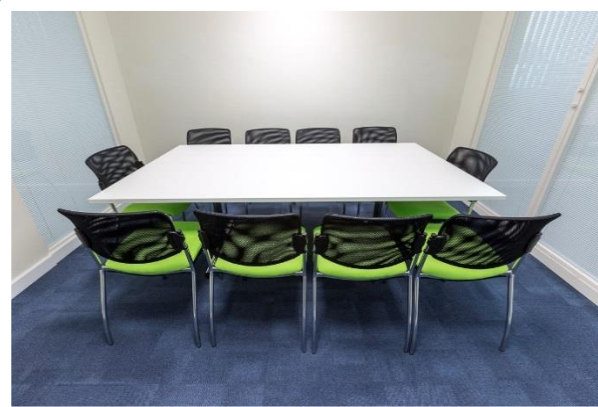

Providing both furniture and seating ranges which enable NELFT staff to work efficiently with drop down desk space, hot-box lockers, combined with meeting and breakout areas.

“This was our first experience of working with Talis Projects.

Their help and support sourcing our exact requirements to meet the needs of our emerging Agile working concept was appreciated and we look forward to being able to work with them again in the future.

Thank you again Talis! “

Julie Ruggles
Assistant Project Manager
